2013-14 School Accountability Report Card

Principal's Message

Published January 2015

McKinley Elementary School is a special place where every child is given the opportunity to succeed. Staff recognizes that educating children is about helping them discover their special talents and skills, as well as guiding their learning according to high academic standards. We are cognizant that our interactions with students many times extend beyond that of an educator/student relationship. At times, we assume the roles of mentors and counselors who assist children in resolving issues that affect their emotional wellbeing.

McKinley School continuously strives to maintain a site that is clean, aesthetically pleasing, and safe, and where children can learn, play, and interact cheerfully. We are advocates of involvement in the school with the parents of our students. We welcome parent and community involvement because it is well known that when families, educators, and communities all work collaboratively, schools get better and students receive the high-quality education they need to lead productive lives.

The staff at McKinley School is aware of the many challenges it will have to undertake to ensure that students meet the grade level standards at each grade level. Staff is committed and willing to work as a cohesive and focused educational team to make certain that students are provided with the best educational program possible.

School Mission

McKinley's mission is to:

- Teach a standards-based curriculum.
- Identify the distinct needs of students.
- Improve student achievement.
- Encourage student and parent accountability.
- Collaborate and work as a team.
- Encourage parental and community involvement.

District & School Profile

The El Centro Elementary School District is located in Imperial County, and is surrounded by thousands of acres of California's most productive farming land. El Centro Elementary School District is comprised of nine elementary schools and two middle schools, and educates almost 6,100 students in kindergarten through eighth grade per school year. The district is committed to preparing its students for the future and dedicated to excellence in the realm of academics. All programs within the district are founded on the principle that "children come first."

McKinley Elementary School serves students in kindergarten through sixth grade. During the 2013-14 school year, the school had an enrollment of 415 students including 8.2% in special education, 63.6% qualifying for English Language Learner support, and 90.6% qualifying for free or reduced price lunch.

Local Control Accountability Plan (LCAP)

As part of the new Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP). The following components of this SARC address some of the priorities identified in the District's LCAP:

Conditions of Learning – State Priority 1: Covered in Teacher Assignment, including the Teacher Credentials & Misassignments & NCLB Compliance charts; Instructional Materials, including the Textbooks chart; and School Facilities & Safety, including the Campus Description and School Facility Good Repair Status charts.

Pupil Achievement – State Priority 4: Covered in Standardized State Assessments, including the STAR Results and CAASPP charts; Academic Performance Index, including API chart; and Career Technical Education (CTE) Programs (Workforce Preparation), including the CTE Program Participation and UC/CSU charts.

Other Pupil Outcomes – State Priority 8: Covered in California High School Exit Exam, including the CAHSEE charts; and Physical Fitness, including the Physical Fitness Test chart.

Parental Involvement – State Priority 3: Covered in Parent Involvement.

Pupil Engagement – State Priority 5: Covered in Dropout & Graduation Rate, including Dropout & Graduation Rate and Completion of High School Graduation Requirements charts.

School Climate – State Priority 6: Covered in Discipline & Climate for Learning, including Suspension & Expulsion chart; and School Site Safety Plan.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or attending school events.

Parents stay informed of upcoming events and school activities through the monthly calendar of events, newsletters, parent conferences, progress reports, the school marquee, the school website, and Blackboard Connect automated telephone message delivery system. Contact any school office staff member or the classroom teacher at (760) 352-3225 for more information on how to become involved in your child's learning environment.

Curriculum & Instruction

School Leadership

The administrative team is comprised of the principal, who works closely with the leadership team, teachers, and school staff. Principal Patti Weeks is responsible for the day-to-day operations of the school and the overall instructional program. Coordinating efforts with the principal is the Leadership Team, comprised of the principal, the reading coach, and grade level representatives. The Leadership Team meets monthly throughout the year to discuss school operational systems and educational concerns.

Principal Weeks has been in the educational field for 24 years and serving McKinley Elementary School for her first year in the 2013-14 school year. Previous positions held in other schools include: classroom teacher, reading coach, and counselor. Principal Weeks holds a bachelor's degree in child development and psychology, a master's degree in educational services, and a academic credential.

Specialized Instruction

All curriculum and instruction is being aligned to the Common Core State Standards approved by the State Board of Education. The instructional program is structured so that all students receive instruction appropriate to their learning level. Teachers use a variety of research-based instructional strategies and techniques using state-approved instructional materials to ensure academic success.

For students whose primary language is not English and who have limited English proficiency, McKinley Elementary School offers programs to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. English learners receive small group and/or individualized instructional support in the classroom from bilingual aides who collaborate with the student's teacher to provide support in areas of need. Instruction focuses on reinforcement of class lessons, reading intervention, and targeted support in areas of need. Some students may receive English Language Development instruction as a supplement to their regular language arts instruction. Students provided ELD instruction are regrouped based on language fluency and receive targeted instruction at their proficiency level. McKinley Elementary School's teachers utilize Treasures series, a state-approved reading intervention program and textbook adoption. Students are monitored through the CELDT exam given throughout the year; results are used to evaluate and adjust individualized learning strategies. English learners are assessed annually using the CELDT exam (California English Language Development Test); results are used to evaluate student progress, intervention programs, and teaching strategies.

McKinley Elementary School's special education program is staffed by a special education teachers and instructional aides. Instruction is provided in the least restrictive environment based on each student's Individual Education Plan (IEP). Students have access to a comprehensive curriculum and are mainstreamed into the general education class with in-class support in both small group and individual settings. A portion of instruction may be provided in one of the special day classes. The IEP team meets annually to establish goals and objectives, define academic instruction, evaluate the effectiveness of the student's plan, and make instructional adjustments as necessary. McKinley Elementary School takes advantage of the district's participation in the Imperial County Office of Education's Special Education Local Plan Area (SELPA), which provides a pool of professional resources and expertise in the field of special education.

McKinley Elementary School provides a variety of intervention and remediation programs to support students' efforts to achieve academic success and reach grade level expectations. Using district benchmark assessments and end-of-unit exams, teachers and administrators can identify students who are struggling or performing below state proficiency grade level standards. For those students who need extra help in

any subject area, a Problem Solving Team pulls together school and family resources to identify and develop strategies to help students improve academic and/or behavioral performance. Intervention strategies include:

- Linda Mood Bell Instruction
- Before/After School LA & Math Tutoring
- After school program for migrant and English Language learners
- New Comers Class
- Think Central Personal Math Trainer

Supplementary instructional materials are purchased as needed to support intervention programs. Classroom teachers monitor student performance on district benchmark assessments and end-of-unit tests to measure ongoing academic progress and adjust instructional needs.

Enrichment Programs

McKinley Elementary School offers an all day kindergarten program, a band program to all fourth grade students, and a strings program to all fifth grade students who wish to participate. ASB is offered to fourth, fifth, and sixth grade students. All kinder through sixth grade students can participate in the After School Education & Safety (ASES) Program which offers enrichment programs in science, visual arts, STEM, Zumba, yearbook, performing arts, and physical education. Cheer, soccer, and music is offered to all students who would like to participate.

Staff Development

All training and curriculum development activities at McKinley Elementary School are being aligned to the Common Core State Standards.

Staff Development Days Three-Year Trend		
2011-12	2012-13	2013-14
3	2	2

During the 2013-14 school year, McKinley Elementary School held staff development devoted to:

- Professional Learning Communities
- Language Arts Training
- Explicit Direct Instruction
- Student Engagement
- Classroom Management & Discipline
- Data Analysis
- English Language Arts Program Resources
- SPARKS Training
- Unit Planning
- Common Core State Standards
- English Language Arts Grade Level Planning

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. McKinley Elementary School supports ongoing professional growth throughout the year on minimum days and early release days. Teachers meet in both grade level and department level teams to conduct data analysis to identify areas of need.

McKinley Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.

Instructional Materials

All textbooks used in the core curriculum at McKinley Elementary School are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The District follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Tuesday, October 14, 2014, the El Centro Elementary School District held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Governing Board adopted Resolution #101414-1036 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, including the English language development component of an adopted program, and 3) each pupil enrolled in a foreign language has sufficient textbooks or instructional materials that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board for those subjects.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2014-15 school year, El Centro Elementary School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

Classroom Environment

Discipline & Climate for Learning

McKinley Elementary School's discipline policies are based upon a schoolwide discipline plan, which is used as a guide to develop school rules, develop behavior management programs, promote responsibility, promote respect, and minimize classroom disruptions. Teachers clearly

Student Achievement

Physical Fitness

In the spring of each year, McKinley Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone." Comparative district and state results can be found at the CDE's Website www.cde.ca.gov/ta/tg/pf/.

Fifth	21%	19%	14%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Adequate Yearly Progress

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

On March 7, 2014, the U.S. Department of Education approved California's testing waiver allowing flexibility in making AYP determinations for elementary and middle schools and unified school districts participating in the Smarter Balanced Field Test. CDE will not produce a 2014 AYP report for these qualifying schools and districts. High schools and high school districts will receive a 2014 AYP report based on achievement results from the grade ten California High School Exit Examination (CAHSEE) and California Alternate Performance Assessment (CAPA) as well as the cohort graduation rate.

Standardized State Assessments

Students at McKinley Elementary School participate in California's STAR examination each year. The mandatory STAR Program (Standardized Testing and Reporting) is a set of assessments that evaluates student proficiency in core subject areas and compares student results with other students in the state who took the same test. The STAR is comprised of a series of four components: the California Standards Tests (CST), the California Alternative Performance Assessment (CAPA), the California Modified Assessment (CMA), and Standards-based Tests in Spanish (STS). The STAR tables in this report illustrate the percentage of students achieving Proficient and Advanced levels of proficiency through fiscal year 2012-13. Beginning in 2013-14, students at McKinley Elementary School participated in the new statewide student assessment system program identified as CAASPP, California Assessment of Student Performance and Progress. For the 2013-14 school year, the CAASPP reports results for the CAPA science test given in grades five, eight and ten only.

Results are shown only for subgroups with ten students or more taking the exam. Detailed results by grade level for each student group can be obtained from the California Department of Education's website <http://star.cde.ca.gov>.

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2013-14, McKinley Elementary qualified for Schoolwide Title I funding and is subject to comply with Title I program participation requirements.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

Academic Performance Index

California uses the results of STAR testing to calculate the Academic Performance Index (API) which is used to measure school performance, set academic growth targets, and monitor progress over time. The API is a numeric index between 200-1000 that measures student performance in grades two through eleven. An API score of 800 is the state's designated performance target for all schools. Test results are weighted and a formula is applied to determine API.

Growth Targets: For schools with an API under 800, the state requires a gain of 5% of the difference between the school's actual API and 800. Growth Targets apply not only schoolwide, but to each numerically significant subgroup as well.

Schools/subgroups that have achieved an API of 800 or above must maintain their scores. Statewide Rank: All schools in California are categorized according to type (elementary, middle, high) and are placed on a scale of 1 to 10, with 10 being the highest.

Similar Schools Rank: School performance is also compared to other similar schools in the state, based on demographic characteristics, and ranked 1 to 10 within a grouping of 100 schools.

Counseling & Support Staff

McKinley Elementary School provides professional, highly qualified staff who provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to McKinley Elementary School's students.

Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Professional Staff

Teacher Assignment

During the 2013-14 school year, McKinley Elementary School had 17 teachers who met all credential requirements in accordance with state guidelines. The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant." Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects.

In the table in this report, which identifies the number of classrooms taught and not taught by NCLB-compliant teachers, high poverty schools are those schools in the highest quartile for student participation defined by the free and reduced price meal program. Low poverty schools are those schools that are in the lowest quartile of program participation.

Facilities & Safety

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. McKinley Elementary School's original facilities were built in 1956, and ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

2013-14 Campus Improvement Projects:

- Installation of new carpet in some classrooms
- Installation of new door locks
- Landscaping throughout campus
- Installation of new security surveillance cameras
- Painting projects
- Repairs to fencing
- Installation of new playground equipment

Every morning before school begins, the principal and the custodian inspect facilities for safety hazards or conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to McKinley Elementary School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- General grounds maintenance
- Classroom cleaning
- Restroom cleaning

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Common use area cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the custodian, cafeteria staff, and student supervisors are strategically assigned to designated entrance areas, the breakfast area and playground. Breakfast is served every day in the classroom from 8-8:10 a.m. During recess, teachers supervise playground activity. The principal and student supervisors monitor lunch time activity in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal, teachers, and student supervisors monitor student behavior to ensure a safe and orderly departure.

McKinley Elementary is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for McKinley Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's safety plan is reviewed, updated, and discussed with school staff on an annual basis.

Deferred Maintenance

McKinley Elementary School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2013-14 school year, El Centro Elementary School District did not receive deferred maintenance funds from the State School Deferred Maintenance Program.

Facilities Inspection

The district's maintenance department inspects McKinley Elementary on an annual basis in accordance with Education Code §17592.72(c)(1). McKinley Elementary uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on August 18, 2014. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2013-14, all restrooms were fully functional and available for student use.

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2012-13 salary comparison data was the most recent data available at the time this report was published.)

Expenditures Per Student

For the 2012-13 school year, El Centro Elementary School District spent an average of \$7,810 of total general funds to educate each student (based on 2012-13 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the District and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)
